

RM4802THPTR

3 inch thermal ticket printer

RM4802THPTR

3 inch thermal ticket printer

★ FEATURES

Brand name thermal printer head & cutter
 Ultra high speed up to 250 mm/s
 Low printing noise design
 Wide range paper thickness:100~280µm
 Lengthened paper storehouse meeting more customer's needs.
 Easy to maintenance with full sensor

★ APPLICATION

coupon kiosk; ticket vendor; check-in terminal

📋 SPECIFICATION

Printing method	Thermal dot line		
Dot structure	604 dots/line		
Printing speed	250mm/s (max)		
Paper width	Rolled paper	60/80/82.5 mm	
Paper thickness	100~200µm		
Paper loading	Easy paper loading		
Cutting method	Full/partial cutting		
Baud rate	9600, 19200, 38400, 115200		
Interfaces	RS232/USB		
Sensor	Ticket taken detection ;Black mark detection ; Paper cutting detection		
Reliability	Mechanism: more than 200km ; Auto cutter: 1,000,000 cuts		
Reliability	Over 100 KM		
Cutter life	1,000,000 cuts		
Working temperature	-10~60	Weight	Approx 1.35 KG
Working humidity	20%~80% RH	Driver	Windows/android/linux/raspberry pi
